II. OPERATION INFORMATION

Authorizing Eligibility (State Section of 14 CCR Division 7, Chapter 3 or 3.1): 17857.1 for composting of green material.

Type(s) of Waste/Material Handled: Green Materials

Compost Of Green Waste

Volume of Waste/Material Handled: up to 200 tons per day, less than 12,500 cubic yards on-site

Peak Loading: up to 200 tons per day

Annual Loading: 62,000 tons

Days and Hours of Operation:

Operation Acreage: 7 acres

Monday - Sunday, dawn-dusk

Brief Description of the Operation: The operations would qualify as a Green Material Composting Operation accepting green materials. The operations would include chipping and grinding of green and/or wood materials, to produce a compost product or composted mulch product. A graded 7 acre site, on an all-weather surface within APN 2826-123-002, will be developed at the site. The facility will receive no more than up to 200 tons per day of material for chipping and grinding and composting. The incoming feedstocks pile, the processed mulch pile, the processed wood chip pile, and the compost windrows and finished product pile will not exceed 12,500 cubic yards on-site at any one time. The green material will be held up to 7 days prior to processing for use in the composted mulch product or placement into compost windrows. An Odor Impact Minimization Plan is attached.

I know about the L/L that's why I did the DTSC location finder L/L. Currently its planned so there aren't any fixtures located on the property to identify the exact location. The general vacinity is where the X is at. See below for my L/L. Once the site opens for business we can always update the L/L with more exact coordinates.

Hi Bill....Skip here.....We are having issues with the request for this new SWIS Number

The L/L and the location marked on the"map" are miles apart = "BOGUS"

Is there a street address with numbers? Or an accurate map showing the location (i.e. APN 2826-123-002 map?).

Nelly, Thanks for getting the authorizing eligilibility changed. There is one more thing but Skip might get you a number anyhow. The unit activity you have listed is 5 but should be 26. 5 is for a facility and 26 is for an operation. When you send this with the cover letter to Sacramento I would think you could change the 5 to 26 then.

Skip this is a 19-AA site. I did the DTSC location finder for the long/lat. I suspect it will be located in the clearing so I centered the pointer in the clearing and got 34.40626 and -118.60270
